New Mexico is going to have a real-for-sure State Fair at Albuquerque this year. A real live-wire committee has it in charge and every effort will be made to make the big event one to be remembered. They are going to do away with the skin games and street carnivals that made previous State Fairs in Albuquerque a nightmare, and are getting down to lightmare, and are getting down to brass tacks. The money this year is going into rewards and the prizes will be worth the while of any exhibitor to bring his stock or display to the fair. The attractions and young.

The big fair of October 11 to 16 in 1915 has a secretary with "get up" in him. A man with good ideas and a man who if not tampered with is going to put the State Fair on a paying basis instead of at a big loss. Howard Betts is on the commission. 'Nuf said. R. E. Be it said to the credit of woman-hood that it is not, as a rule, the woman who rocks the crudle that wants to cast the ballot; it is not the mother who teaches her children to say "Now I lay me down to sleep" that harangues the populace; it is not the daughter who hopes to reign as queen over a happy home that longs for the uniform of the suffragette.
